Dear Parents and Carers,

School Banking

Thanks so much to Vicki Harvey for volunteering to do the school banking. Vicki was the person who started it in the first place and so she is keen to see it continue.

Scooters

Thank you so much for supporting the arrangement for the use of scooters being ridden to school. Life is so much easier without the associated stresses.

Procedure for students prior to school

All students are to go to the undercover area prior to school each morning. This includes students whose parents bring them to school. There is a growing habit for parents to take their children to wait outside the classroom before 8.30am. This, of course, attracts other students to roam around the teaching blocks. Thus, there should be no children at all outside classrooms prior to 8.30.

Parents in classrooms.

Please be reminded that it is a mark of good manners to make arrangements to speak to your child’s teacher at a time that is mutually acceptable. Teachers have a time set aside for duties other than teaching so a phone call is all it takes to make the arrangements.

Parents do not move students in and out of the classroom without a staff member being present. If for some reason a staff member is not present to take the children into the room then it is your duty of care to notify the office staff, who will then make the arrangements to provide responsibility for the students. Parents are always welcome in and around the school. It’s only a few of our members who need to be reminded of what is appropriate.

Thank you

A big thank you to Terry of Joman Electrics, Gumtree Road Helena Valley (0428110450/ 9294 3573).

Terry mended a TV free of charge even though he does not have children at our school. You might like to send business his way.

And a big thank you to all of the Education Assistants who do a sterling job supporting student learning across the curriculum.

Welcome to staff

Welcome to our K/PP and Support Group Program teacher Mrs Janine Barndon

Cheers, Marg

BOOK CLUB

Welcome back to bookclub for this year. Please take your orders to the office by Friday 25th March. Books will be delivered to classrooms mid April.
Sports News

For those who don’t already know me, my name is Graham Peterson and I am the P.E teacher here at Swan View Primary School.

There are several sporting events happening this term. Years 4 to 7 have begun doing combined sport on Thursday and Friday mornings. During this time students have the experience of playing a variety of sports they may not already be familiar with such as sofcrrosse, hockey, yoga and teeball.

Next week the year 6 & 7 students will be commencing training for our interschool competition to be held in Term 2. The sports involved in this will be soccer, football, netball and volleyball. Unfortunately due to the very hot weather we have been having so far this year, some sports activities have had to be adjusted as it has often been too hot to play out in the sun.

Hopefully this situation will not last too much longer and the children will be able to enjoy the wide range of sports that have been planned.

Last week we had several players from Swan Districts football club come to the school to run some clinics with all our students.

Library News

The children in A6 interviewed important women in their lives. These were the life mottos that they told us were important to them. There are many words of wisdom here.

Life Mottos from important women in our lives:

- Dying to live, not living to die
- The only person who can look after you is YOU
- Treat others like you would like to be treated and ALWAYS try your best.
- Do unto others as you would have others do unto you
- Just be kind and fair
- If it doesn't get done today, do it tomorrow
- Let us be judged by our actions

Congratulations to all of the following students who received honour certificates.

Maths

This is another example showing part of the teaching process students are exposed to so they understand the meaning of multiplication and division.

And our maths joke for the week.....

Why was the maths book so sad???

Because it had so many problems.
