From The Principal’s Desk

Dear Parents, Carers and Staff,

ANNUAL REPORT NUMERACY Year 5

The data shows our Numeracy lies 30 points above like schools. We have 15% of our students in the bottom of the Proficiency Bands, compared to 38% for like schools. This same cohort of students had 43% in the bottom proficiency bands in 2013. Over 2 years 28% of those students have moved out of Bands 3 and 4 from ‘At’ or ‘Below National Minimum Standard’ to ‘Above National Minimum Standard’.

We have 11% of our students in the top two bands, equalling like schools. This same cohort had only 6% in the top two bands in 2013. We have increased the number of students by 5%. These students were targeted, a class was created for higher level mathematics to be explicitly taught. These students had spent 1 1/2 years in this class.

It must be noted the 74% of our students are in Bands 5 and 6 as compared to 51% against like schools. However, we now have a far less ‘tail’ in Bands 3 and 4.

The progress made from Year 5 to Year 6 by the students was 8% points. The stable cohort are continuing to perform just above the Australian Mean.

The above table demonstrates there are 50% less students in Band 4 and 5 which means they have progressed into Bands 6 through to 8. We have achieved a fantastic result in having 5 students achieve Band 8 in Years 6 which is a requirement for students to sit Year 11 and 12 subjects.

The table below clearly demonstrates an improvement of achievement by the stable cohort in all areas of mathematics. Of note, in particular, is the 4 mathematics curriculum areas above the Australian Mean as compared to none in 2014.

Students are to arrive at school between 8:30am and 8:45am. The school day begins at 8:45am. After 8:45am the student is deemed to be late and must go to the front office for a late note.

Many THANKS to all who joined in the Pyjama Day fundraiser. We are raising money for the School Fete which will be held during first term next year. We had a warm, comfortable and wonderful day!
We’ve been selected to participate in Local Matters at Grill’d Midland this June!

Local Matters is the Grill’d community donation program that sees each Grill’d restaurant donate $500 back into the community every month. The donation is split between 3 local community groups $300/ $100 / $100.

How can you help?

We’d love your support in receiving the highest $300 donation! Simply head to Grill’d Midland during June for a burger and pop your Local Matters token in our jar. The group with the most tokens at the end of the month receives the largest donation. It’s a simple (and delicious) way to show your support!!

You’ll find us on a jar at Grill’d Midland, Shop T053A, Midland Gate Shopping Centre 274 Great Eastern Hwy Midland.
