Dear Parents, Carers and Staff,

Congratulations to Mrs Teresa Elzer on her dedication to the improvement of the School Canteen. The Western Australian School Canteen Association (WASCA) gave out only two awards at the last Canteen Conference. The Tunnel Tuckerbox was awarded a Four Star rating, which means that over 90% of our canteen’s sales are now coming from the “green” part of the traffic light system used by the Government’s Healthy Food and Drinks Policy.

As you will agree, we all want our kids to grow up healthy and strong. Teresa is passionate about her job and trying to limit the amount of processed food our children are consuming by supplying a healthy, tasty and affordable menu which our kids LOVE! Teresa’s effort to promote and supply a delicious range of healthy options is much appreciated. The menu component is based on sales evidence of GREEN products rather than simply the percentage of GREEN choices available, which is 81% of our menu.

Thankyou Teresa

Engineering and Mathematics

We are over the moon to have the engineers from Fluor Engineering in our partnership school program. They have been working with Mrs Tracey Armstrong to set up an advanced mathematics program for students across the year levels. There are 14 students in the group for specialist lessons, usually on a Thursday afternoon. This morning a group of our students attended QV1 building in the city to view the Fluor entries in the Constructions food sculptures. Below, milk being poured from a milk carton, using full food cans.

The students will be building their own food sculpture, a pyramid with a tunnel in the next few weeks.

Sports News Term 3

We have a lot of sport happening this term at Swan View Primary School. The main event is the faction athletics carnival to be held over several days during week 9. All students will be spending time, each week this term, training for the carnival in their factions.

With the loss of our year 7s last year, we have slightly changed the events at the carnival this year. From now on, “Junior Primary” will be only years 1 and 2, and will do training on Thursday afternoons.

Middle primary (years 3 and 4) and upper primary (years 5 and 6) will all train together on Monday and Friday afternoons.

Our faction cross country is coming up soon – it will be run after lunch on Thursday the 13th of August. This will involve all year 3 to 6 students. Parents and carers are very welcome to attend the cross country to watch their children participate. This will be followed by the inter-school cross country which will be for the first 4 place-getters. The inter-school cross country event will be held on Friday the 21st of August and will take place at the Mundaring oval as in previous years.

We also have the SDNA Regional netball carnival coming up in week 4. We will be sending 2 teams to the carnival – one from year 6 and the other from years 4 and 5. Good luck to all our students who will be participating in all these events.

P & C News by Sue Frazer

Our member numbers are low at the moment and although all executive positions are filled we are in need of general P&C members. We only have 2 meetings a term and you are welcome to bring your children along. For us to vote on issues and make decisions as a committee we need to have a quorum of 10 at our meetings and we have not had this number since the beginning of the year. Please come along and have input into ways we can support and assist your child's school. Hope to see some new faces next Tuesday!

All parents are invited to come along to our next P&C Meeting!
